Deferred Payment Agreement Form
for Dual Enrollment/Credit

By signing this form, I am agreeing to the following conditions for my dual enrollment/credit course(s).

I will pay one-half of the Tuition and one-half of the Course Materials Fee. I will defer the remainder of my Tuition and Course Materials Fee. If I enroll as a full-time student at Southwest Mississippi Community College and complete the first semester following my high school graduation, the college will scholarship the balance of my dual enrollment/credit financial obligation. If I do not enroll as a full-time student at Southwest during the first semester after graduation, I must pay the remaining balance by September 1st of that year. After the account is paid in full, Southwest will release my transcript of classes to other institutions.

Examples: A 3-hour dual enrollment class will cost $260 (Tuition of $150 per class and a Course Materials Fee of $110 per semester). A payment of $130 is due before the class begins and $130 will be deferred. Six hours of dual enrollment costs $410, so $205 is paid before the class begins, and $205 is deferred.

Any credit hours above 15 or any course taught on the campus of Southwest will require tuition of $130 per hour and a course materials fee of $110. The tuition and fee for credit hours above 15 can be deferred as explained above.
